Enjoy the Senne landscape with its pine trees and heath lands. Or what about the Delbrücker Land in the North-West with its generous fields and meadows. Not to forget, of course, the Karst landscape of the Paderborner plateau and the adjacent Egge Mountains. Last but not least, the Northern [Sauerland](#) with the Aabach reservoir.

Since it's of a flat country, you'll find plenty of opportunities for cycling and walking here. Or do you enjoy activities for pampering your body and soul? Well, here's the place to do so!

Sure enough though, if you like shopping (like I do), the first go-to spot is certainly [Paderborn](#), the districts capital, which they call themselves a "cozy small town with city character." :-)

And if you love spas and fitness, then put [Bad Lippspringe](#) on your itinerary, too.
