The density of the large cities and the surfaces of the many free spaces into and around the

district... From this area the Rhein-Kreis Neuss draws its strength — proven for a high quality of life with numerous offerings for culture, leisure, and sport.

Extremely productive soils, to a large extent an even area, and a mild climate provide an intensive agriculture.

With numerous parks and gardens, this district provides a natural environment in which you'll find plenty opportunities for relaxation, recreation, and recovery. :-)
