This part of the Rhine valley has a warm climate and low rainfall, so is very popular with visitors and locals alike, and is very fertile — perfect for vineyards! ;-)

The west of the region backs on to the [Deutsche Weinstraße or German Wine Route](#) and is a treat to visit anytime from May through to October. All you need to do is follow the yellow signs with grapes on them to enjoy it.

The scenic [Pfälzer Wald](#) is to the very south-west of the Rhein-Pfalz-Kreis, but is certainly a place to visit if you are a serious walker or cyclist making use of the many trails. However, it is also perfect for families who just want to drive in, run around a bit and then leave!
