In the later years, it dramatically transformed itself into the town of traders and craftsmen. The town further flourished for the duration of the 15th and 16th centuries, by and large for its export of high-quality textiles.

Ulm turned into the Protestant by the time of 1530. The discovery of the New World in 16th century with wars had propelled it into the doom.

Subsequently, around 1700, it was assaulted numerous times by French and Bavarian soldiers. In the wars next to the French Revolution, Ulm was alternately taken in control by French and Austrian forces. The French went one step ahead by destroying the city fortifications.

This city had gone astray from the status of an Imperial City and was absorbed into [Bavaria](#) in 1803. All through the [World War II](#), it was profoundly spoiled by joined air raids. By the end of the war, over 80% portion of the city laid in ruins.

All along with the rich past narration, Ulm has plenty to offer. Its church is well-known for its spire,

the tallest in the world. Ulm Minster is the city's dictating milestone. The observation puts forward dazzling panoramic sights of city Ulm and the neighboring areas.

The Wilhelmsburg Castle on Michelsberg hill is among the largest edifice. The citadel was defended by three five-storey watchtowers and a moat and served as a final point of retreat.

In Old quarter, if you take a stroll from side to side, you might feel as stepping back in time. The historical weapon store in the midst of its imposing Renaissance portal and intriguing Einstein fountain is very close to the castle.

The Ulm zoo houses an aquarium and a tropical house. You can expect to see some variety of fish, amphibians, reptiles, birds, insects and mammals in 95 different enclosures.

The apothecary garden comes among the city's most wonderful green spaces. It is pretty close to the medieval fishermen's quarter and possesses an inclusive compilation of curative aromatic plants.

The botanical garden, set up in the early 1980s, wraps around 30 hectares land. Its most important function is to shore up the university's training and exploration.
